Part #

All De Paerel Nature Access Intranet Objects and Discs are made out of the Esperanza Teak Tree (GPS: 85.09494, 9.80297, URL: woodword.nl). PNAI is part of a Global Nature Access Network. This Network is Wdwrđ's opus magnum and is a natural counterweight to the internet. Please register your PNAI Object or Disc on wdwrđ.com/pnai to hold the Teak Tree together. Once a year you will be invited for tea with cake under an old tree on a hot summerday.
